

Excerpt from Kayde's Notes

Something that has dawned on me recently is that, despite my whole life indicating to me that I am Lycian, I am absolutely not Lycian. I may have grown up in Lycian culture, but Arcanians seem to exist wholly outside of Lycians. This has become impossible to ignore, as there even exist Arcanians who didn't even originate in the old world - for example, the one Avali I met in Ahmit. What this implies for me, personally, is still hard to say...
